U. S. EXPORTS OF BEEF BREEDING CATTLE

JULY-DECEMBER AND ANNUAL 1957 1/

The United States exported 5,806 head of beef breeding cattle during July-December 1957. January-June exports amounted to 25,059 head for a 1957 total of 30,865.

Brahman accounted for almost two-fifths of the total during the last 6 months of 1957. Aberdeen Angus, Hereford, and Santa Gertrudis made up nearly one-half. Unspecified and other breeds constituted one-seventh. A little over half of the July-December exports of all beef cattle were females.

Texas was the leading exporter of beef breeding cattle with 2,421 head. Florida exported 1,234; South Dakota, 513; Montana, 229; and Louisiana, 223.

Mexico was the biggest importer, taking 1,714 head--about 30 percent of the total. Venezuela took 1,401 head--24 percent; while Canada and Cuba together accounted for 29 percent. Nearly half of Mexico's imports were Aberdeen Angus--714 head, 504 of which came from South Dakota. Venezuela bought nearly 1,000 head of Brahman, four-fifths from Texas.

1/ This is the second of a series of reports on exports of beef breeding cattle, which are being published at 6-month intervals. See Foreign Agriculture Circular FLM 10-57 for January-June 1957 exports.
